Dear Customer – welcome to our latest catalogue, the Autumn Edition. I hope this finds you happy and healthy!

We produce these catalogues every three months, and each time I come to write this introduction I'm amazed by how much water has passed under the bridge since the previous edition. We've had an election, a summer full of sport, festivals and country shows, a heat wave, mid summer gales, and of course holidays. It's a busy old time, Summer...

But what have we brought to the party? You'll be pleased to know the answer is 'quite a lot'! We are delighted to finally be able to showcase our latest Magic Inch ranges including the Pisa on the front cover and also the Treviso further into the catalogue. Nothing in this business happens quickly, and these new ranges have certainly been a labour of love but we're confident you'll love them. Made with only the finest quality Mediterranean briar – in itself something of a rarity these days – they are both stylish and of a quality certain to impress. We've loaded this catalogue with many of our other Magic Inch and Carey 9mm ranges as we firmly believe that our mix of classic designs, high quality and customer focused pricing leads the way in a sometimes congested market.

There are a few new appearances within the Guest Brands too, from our first clay pipe to a couple of stunning ranges from Aldo Velani and also a reappearance of the beautiful Miele from Savinelli. Add BBB, GBD and Mastro Geppetto to the mix and there really is a huge range on offer. And don't forget, this is just scratching the surface of what we have available online...

And finally, we're delighted that old and new customers alike are continuing to switch on to the advantages of our famous Tobacco Club. There's no hard sell – it's a simple case of pairing discounted prices with superb quality and plenty of choice, and then adding a few extras like product discounts, access to free pop and free gifts. And let's not forget the fact that there's no commitment so if it doesn't suit, you can cancel at any time. If you're not yet a Member why not get in touch to find out more.

Happy Puffing!

E.A. Carey

"Having received regular tobacco supplies from the Tobacco Club for some time now, I can confidently state that I have thoroughly enjoyed the blends on offer...The pouch aroma is one thing, great smells coming out every time I pop one open. The taste is another, with wonderful flavours and excellent smoking experiences. Perfect in cut and moistness, with a lovely feel to them in the hand. Please continue your great work on behalf of pipe smokers. It is appreciated." – SH (10/02/2015)

Aromatic Blends

No. 2002 Cavendish Mixture 1 5 5

An extremely mild aromatic blend, easy to smoke and keep it due to its finer cut. The natural sweetness of the bright, golden, Virginia tobaccos blend with the mildness and aroma of the double fermented Black Cavendish for a truly satisfying smoke, laden with honey flavours.

No. 2004 Soft Aromatic Mixture 3 3 3

Produced from selected thin leaves of bright Virginia tobacco for extra mildness, and blended with specially cured Black Cavendish to give it a most unusual aromatic flavour and aroma. The addition of dark chocolate and creamy caramel undertones give this light and mild mixture a fully rounded flavour you will find to be the perfect choice every time.

No. 2006 Black Aromatic 2 3 2

Dark and rich and immensely satisfying. Advanced techniques of ageing in its own Raisin-laden natural juices gives this Black Cavendish blend of tobacco its deep, dark colour and uniquely aromatic smoking pleasure. Plum and pine flavours to the fore.

No. 2009 Soft Black Aromatic 1 4 5

We have blended the natural sweetness of quality, fine cured full Virginia tobacco with some mellow Burleys to create a ready rubbed Cavendish style, straight cut tobacco full of honey and maple flavours.

No. 2027 Wild Cherry 2 3 5

A modern, aromatic blend of Black Cavendish with bright Virginia tobaccos grown in Brazil, Africa, and Thailand in addition to mellow Burley grades from the USA. A light cherry aroma completes this cool, satisfying and fragrant tobacco.

No. 2030 Peach Brandy 2 4 5

A sumptuous blend of selected Virginia and Burley tobaccos with dark fired Kentucky in various cuts. A cool-burning and pleasantly mild smoke with a full fruit peach flavour and aroma.

No. 2033 Spritzer 2 4 3

An original concept in pipe smoking – combining the best in tobacco with the best in wine. Broad cut, fine cured Virginia blended with spicy Black Cavendish and a touch of mild Burley. This blend burns very evenly leaving a full, dry flavour of champagne and toast.

No. 2033 Carey's Bruno Special 3 2 1

Carey's specially blended St Bruno equivalent. A Cavendish tobacco flavoured with sugar and maple and a touch of fruit, toasted and pressed to give a darker colour and rounded, heavy-sweet mild taste.

No. 2034 Highland Fling 3 3 3

The foundations of this blend are derived from a heady mix of mature Golden Virginia combined with the best Burley available, whilst Black Cavendish ensures sweetness and aroma in the taste. The blend is topped off using spicy flavours and a wee dram of Highland Whisky.

Traditional Blends

No. 2008 Old English Ready Rubbed 4 2 2

Relax and enjoy this classic natural tobacco, cool, rich and full of fruity character. A special process carefully leases apart the flakes of dark, ripe Virginia tobaccos to produce a blend that lights readily and smokes easily.

No. 2023 Dark Flake No. 7 4 4 5

This blend is a heat treated Virginia and Burley flake, matured in the press for 8 weeks to allow the natural prune and chocolate notes to come through. Full bodied with superb flavour and cool smoking qualities.

No. 2024 Ready Rubbed No. 7 4 3 3

A fully leached and rubbed version of the Dark Flake No. 7, retaining all the same delicate chocolate and prune character but in what is for many people a more familiar style of tobacco.

No. 2025 Old Belt Virginia Blend 3 3 2

A light but full flavoured blend of predominantly US-grown Old Belt Virginia grades. A small amount of Oriental tobaccos with a light touch of Latakia, blended with Black Cavendish for a smooth and mild taste.

No. 2026 Broad Cut English Mixture 3 2 2

A more traditional, ready rubbed blend with all natural tobacco flavours, this mixture of well matured Virginia and leached Burley tobaccos creates sweet undertones of vanilla, chocolate and blossom fruit. The blend is pressed into cakes and rubbed up to enhance the natural aroma.

No. 2032 Carey's Balkan Special 2 5 5

Specially formulated Balkan Sabanci replica, this is an opulent and intricate blend of Latakia, Red Virgins and Orientals with a touch of air cured leaf, giving a smokey, spicy Latakia flavour.

No. 2042 Castle Blend 4 2 3

A traditional Lakeland tobacco and a replica of 56's popular Squadron Leader – blended dark and bright Virginias, together with Latakia and Turkish leaf resulting in a perfect medium bodied mixture giving you a rich, slow-burning smoke.

Designed and patented by EA Carey in 1948 the 'Magic Inch' system ensures a cool, dry smoke without detracting from the fulsome flavour of our choice tobaccos.

The Secret of the 'Magic Inch'

Cooling
Fresh air enters through vents and mixes with smoke from bowl, cooling and condensing it

Condensing
Excess moisture is separated from smoke and absorbed by the 'Papyrate' sleeve

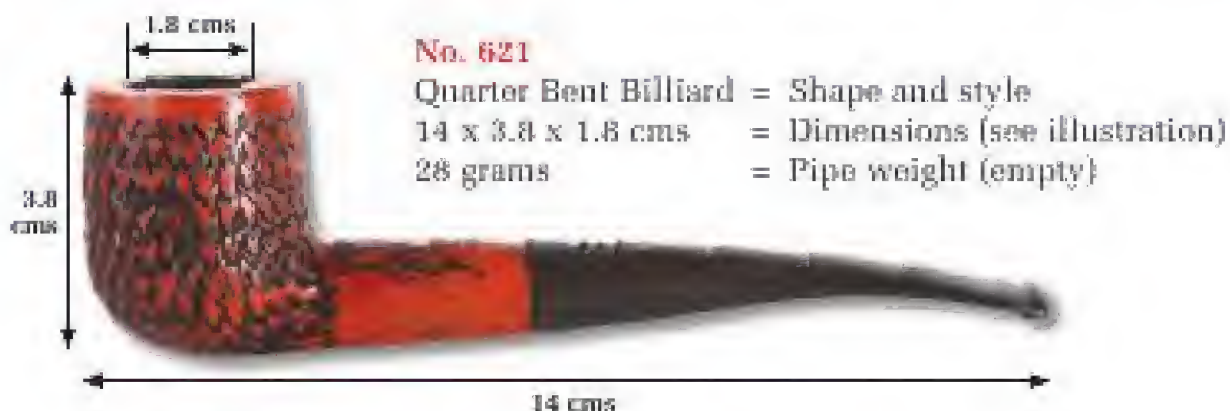

Evaporation
Moisture evaporated into outside air. You get a cool, fresh, dry smoke.
